### Independent Auditor's Report

We have audited the former Montgomery County Sheriff's Settlement - 1998 Taxes as of March 16, 1999. This tax settlement is the responsibility of the former Montgomery County Sheriff. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with generally accepted auditing standards, Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for Sheriff's Tax Settlements issued by the Auditor of Public Accounts, Commonwealth of Kentucky. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The former Sheriff prepared his financial statement on a prescribed basis of accounting that demonstrates compliance with the cash basis and laws of Kentucky, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the former Montgomery County Sheriff's taxes charged, credited, and paid as of March 16, 1999, in conformity with the basis of accounting described in the preceding paragraph.

To the People of Kentucky

Honorable Paul Patton, Governor

John P. McCarty, Secretary

Finance and Administration Cabinet

Mike Haydon, Secretary, Revenue Cabinet

Honorable B. D. Wilson, Jr., County Judge/Executive

Honorable Fred Shortridge, Montgomery County Sheriff

Honorable Bob Bellamy, Former Montgomery County Sheriff

Members of the Montgomery County Fiscal Court

In accordance with Government Auditing Standards, we have also issued a report dated September 20, 1999, on our consideration of the former Sheriff's compliance with certain laws and regulations and internal control over financial reporting.

Respectfully submitted,

MONTGOMERY COUNTY  
NOTES TO FINANCIAL STATEMENT

March 16, 1999

Note 1. Summary of Significant Accounting Policies

A. Fund Accounting

The Sheriff's office tax collection duties are limited to acting as an agent for assessed property owners and taxing districts. A fund is used to account for the collection and distribution of taxes. A fund is a separate accounting entity with a self-balancing set of accounts. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

B. Basis of Accounting

The financial statement has been prepared on a cash basis of accounting. Basis of accounting refers to when charges, credits, and taxes paid are reported in the settlement statement. It relates to the timing of measurements regardless of the measurement focus.

Charges are sources of revenue which are recognized in the tax period in which they become available and measurable. Credits are reductions of revenue which are recognized when there is proper authorization. Taxes paid are uses of revenue which are recognized when distributions are made to the taxing districts and others.

C. Cash and Investments

At the direction of the fiscal court, KRS 66.480 authorizes the Sheriff's office to invest in the following, including but not limited to, obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

Note 2. Deposits

The former Sheriff maintained deposits with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC). According to law, the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution. The Sheriff met the requirements stated above, and as of March 16, 1999, deposits were fully insured or collateralized at a 100% level with collateral held by the county official's agent in the county official's name.

Note 3. Property Taxes

The real and personal property tax assessments were levied as of January 1, 1998. Property taxes were billed to finance governmental services for the year ended June 30, 1999. Liens are effective when the tax bills become delinquent. The collection period for these assessments was October 27, 1998 through December 31, 1998.

Note 4. Interest Income

The Montgomery County Sheriff did not earn interest on 1998 taxes.

Note 5. Unrefundable Duplicate Payments And Unexplained Receipts Should Be Escrowed

The Sheriff's office should deposit any unrefundable duplicate payments and unexplained receipts in an interest-bearing account. According to KRS 393.110, the Sheriff's office should properly report annually to the Treasury Department any unclaimed moneys. After seven years, if the funds have not been claimed, the funds should be submitted to the Kentucky State Treasurer. For 1998 taxes, the former Sheriff had \$438 in unrefundable duplicate payments and unexplained receipts. Therefore, the former Sheriff's office should send a written report to the Treasury Department and turn over the funds to the new Sheriff.

Report On Compliance And On Internal Control  
Over Financial Reporting Based On An Audit Of The Financial  
Statement Performed In Accordance With Government Auditing Standards

We have audited the former Montgomery County Sheriff's Settlement – 1998 Taxes as of March 16, 1999, and have issued our report thereon dated September 20, 1999. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the former Montgomery County Sheriff's Settlement – 1998 Taxes as of March 16, 1999 is free of material misstatement, we performed tests of its compliance with certain provisions of laws and regulations, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the former Montgomery County Sheriff's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statement and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statement being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.
